“ This is hurting me deeply. I am glad that I got to see my Aunt Bertha before she passed on. It's going to take some time for me to process everything.

“ My family met Bertha in January 2018 when my mother in law was transferred to Hallmark Living. During her month stay she had the pleasure of rooming with Bertha and Willa with whom my daughters and I feeling instantly in love with. I'll never forget our first visit, with a big smile on her face she introduced herself and welcomed us all with open arms. From that moment on we knew our friendship grew into something special. My daughters and I still visited weekly after my mother in law left taking our sweet friends lunch, dinner, their favorite snacks, gifts for the holidays and even decorated their room. We painted nails and had dance parties and spent lots of time just talking and listening to the wonderful stories Bertha would share about Chicago and her family she adored.

Although we are saddened by Sweet Bertha's passing we know she's in a much better place and is no longer suffering. Our lives will forever be better having had the privilege of being a part of her life if even for a short period of time.

Love,

The Macon Family

“ Auntie you are going to be missed. The best memory of you from your niece is when I was younger and you would grill for the holidays. You would always say, come over around 2 p.m. so you can get a plate. We would get over there around 2 p.m. and you would just be getting started. You would put a "little of this and a little of that" on the food (which included beer). We would not even eat until 9 p.m. that night and you wanted us to eat there instead of taking the plate home.

Auntie, loving you and knowing you are not suffering any more.

“ One of my most fond memories of Bertha, she called me one day on the phone and " said Annette" I have your son Andre up here in Kalamazoo, he doesn't belong up here and i don't want him to get into any trouble. Yes, she " snitched on him", so say I am going to put him on a Greyhound bus and send him back to you. I didn't know he was in Michigan. I really appreciate and love her, because she has always lookout for her sibling's and their kids. I remember coming to Michigan when you were sick and they couldn't get you to go to the doctor. My son, your nephew Bryan drove from Illinois to your house, and you didn't want to go to the doctor, Bryan picked you up and carry you to the car threw you in the back seats of my car, and all you could do is him look up aside his head and didn't say a word. It was so funny, and I can still see the expression on your face " Priceless"

Bertha, I love you and I am so happy that we spent time together before your transition from life to death, I Love you and will miss that million \$ smile and that laugh of yours.

Have a vision of you smoking your cigarette, drinking your beer, and dancing to the sounds of Blues. forever Love, your sister Annette Smith and family, Bryan Jr., Andre, & Leonard Bailey.

“ I remember when I was 15 years old and my Sister Bertha would always drink a grape pop with salted peanuts inside and we would ask her for some and she would pretend to spit inside of the bottle and we would give her this look in disbelief and she would ask us do you still want some and we would say Nope while shaking our heads she would start laughing and then we would start laughing as well. that was one of many fun memories that I would have of her she will definitely be missed...Rest In Love Big Sis"Love you!! Your Baby Sister Rose....
