“ I never could have imagined life without my parents, yet now I am left only with them in my memories.

My Dad never missed a second of my childhood and those fortunate enough to know him were captivated by his light-heartedness and optimistic outlook on life. His infectious laughter and talent for storytelling endeared him to people from all walks of life.

My dad was a proud and devoted father to us kids, never missing an opportunity to voice his admiration for the 3 of us, not only us but his grandchildren too. Alaynah and Elijah, adored him, along with the youngest grand child Lanah. My dad eagerly anticipated the arrival of his newest grandchild expected in 2026.

My dad had a passion for many things (especially his renowned pig roasting skill) and these interests brought our family a diverse circle of friends which we have made many memories with over the years. He had an extraordinary ability to connect with various personalities, leaving a lasting impression on everyone he encountered.

My dad will be deeply missed by all who had the privilege of being a part of his remarkable life, but no words could ever explain how empty mine and my children days are feeling without him now.
