“ Today my heart is heavy. Just moments ago I heard of James passing. It was wonderful spending time with him. I am blessed to have many memories with him as we got to know one another and built a special friendship. I remember his love for model cars and the giving and kind heart that he had. I'm grateful to be able to have met some of his kind and loving family.

To the family, always remember that GOD stays close to the brokenhearted.

“ Dad,
Words can't say how much I will miss you and how much of a shock this still is. I know you are at peace and are happy. We all want you here still cracking jokes and enjoying life. The comfort is knowing you are with Grandma and Grandpa Moore again, you are at peace have no worries and are truly happy. This hurts so much but one day at a time will heal...One day we will be together again and honestly I can't wait for that day, until then tell everyone I said hi and I miss them...

Love,
Your daughter Erica

“ James was a tremendous person and will be dearly missed. He was my neighbor for 7 years. Living next door to James, I grew to know him as a very witty person with a charming, caring personality. My deepest, most sincere sympathies to his family. He will most certainly be greatly missed and fondly remembered.

“ Having worked with Jim for many years at KPH I was saddened to hear of his passing. Jim was kind, compassionate, soft-spoken, but always maintained his sense of humor and love of practical jokes. I am sure that many co-workers besides me consider him a real friend and will treasure his memory.
