I found out Mr Smith had passed Tonight [6/16/17] and I was sadden to hear it, Mr Smith was like an Uncle to me. He was the first person to explain to me why People from "down home" would go back driving "big cars", it wasn't to show off but they had to have room for all the members of their family they took with them. He and my father [Robert Gene Gaston] were best of friends and I supposed it was only natural because they were born 3 days apart Mr Smith being the senior. May G-d bless Mr Smith to enter the Paradise, forgive him of sins and bless him for all the good that he did....Amin

“ Mr. Smith was a good friend of my parents. As a young person growing up in Kalamazoo he was a part of that generation that made that community so special. Although I've not seen Mr. Smith in many years, I have good memories of him and his wife and family.

“ Grandpa gave me so many memories. The one memory that I can think of and it brings a smile to my face, is when I would come to visit for the summer and he would come from work, get out his car see me sitting on the porch, put his hand in his pocket and jiggle his coins and say " I saved these for you all day so you can go to the gas station and get you some candy". Man, I would take off like a rocket before grandma could tell me no. I am so very glad that I was **BLESSED** to have a grandpa that gave me so much. I said it to you many times but I want to say it one more time Love you gramps. Rest In Heaven. Your Grand Daughter, Kim.
