“ Remembering the times we worked together at mill 2 finishing in Parchment, Mi. we had some happy times we worked together on the same line, I also knew your whole family since the day I was born, and was very close with all your kids, you have served a long wonderful religious life on this earth and everyone that ever knew you knew you were a very loving carding person. GOD will bless you forever now and care for you forever. I will always remember you like so many others that came in contact with you. GOD BLESS. Donald E. Bell and Family.

“ *Auntie Juanita is what I called blood couldn't have made us closer.. I loved you so much. I stayed in contact with you through Kia. There are a few fond memories that are recent for me that I'll always cherish forever. Having the honor or decorating your 100th birthday party. You being one of the 1st people at church but at we're up singing praise and worship between you and grandma y'all make your entrance down the middle aisle. At least you would go right to your seat grandma has to walk around the whole church to speak to everybody. And last but not least. You were here with us so long because you drank tap water and not that bottle mess. We don't know what them people putting in that stuff..*

*You will be forever missed and loved
