“ My favorite memories were when we were children we play marbles and the story of the marble pot. And racing are bikes around and around the house like race cars.

With the checker flags and red and yellow flags . And playing with our farm animals on the floor. And many laughs we had as we all played tricks on each othe.

In a house of 5 children there was always some one to play with. And i love to take my little brothers to fly our kites and dad would take us fishing.

And the table was full of food as we invited in many. And we took care of each other there was always a sister and brother to listen to your every day struggles in life .My brother and would talk abut every thing under the sun every day or other if i didn't hear from him i thought some thing was not right and call hime. Till the phone calls were no longert and Mark went home to be with our lord. Don't be sad he would say i said to the lord when i was 29 please let me live to raise my children and the good lord did.

His youngest daughter crystal is 19 and god let Mark see his 1st and 2nd grandchild

and now it is time. God kepted his promise and now he lives in glory till it is our time, to go home and be all together in gods glory and at peice for ever more. He was a mans

man and took little meds for the pain as he sufferd it out and no out side help for pain

As the meds left him " out of touch with reality" as he would say.

Happy days in heaven little brother , see you some day..... love sister Jeannie joy
