“ I first met Michael when I was a college student working at Montgomery Wards. Little did I know that 25 years later our paths would cross again when he applied to be a volunteer in my Foster Grandparent Program nearly 10 years ago. Michael had a significant impact on the Foster Grandparent Program from day one. Not only did he bring some valuable people and connections that have greatly benefited the program, he also had a very positive impact on hundreds of children as their Foster Grandparent. Michael had the unique ability to find the good in the most withdrawn and wayward children, helping them to find their strengths, build on those strengths, and to reach their full potential and achieve academic success. Under his guidance and encouragement, countless kids changed direction, successfully progressed through school and transitioned into a productive adults. Michael will be missed by all those associated with the Foster Grandparent Program and especially by me who was proud to call him my friend! My sincere condolences to his family. - Karen Betley
