“ *I miss my brother so very much... It's been 7 years and it still feels like I just spoke to you yesterday. My greatest memories of you... are all of the times that you protected me from whomever or whatever that caused a threat..I am forever grateful to have had a big brother as great as you.. My superman.. I miss you so much.. I get so emotional when I think of you and the wonderful life that has gone on in spirit.. Love you big brother so much..*
