“ It has been almost a month and I still can't find a way to move on, I feel so lost without my mother. There is no one person that can make me feel like you did, you were always the one to make sure I had what I needed and to give your last to make sure my kids and I were taken care of. When something goes wrong I still want to call you, when baby Brian got sick the only thing I could think of was calling you, when Naila took her first steps, when my car broke, when I got a better job all I wanted to do was call you. I know I still have family but no one really knows me and cares like you. You mean more to me then I knew.##imported-begin##Tiffany Michele Clark##imported-end##
