“ I know U ain't here, but I feel close to U here....I just wanted to let U know that I mourn U each and every day since U have been gone. I guess it has a lot to do with the fact that I wasn't there for U, but I would of been had I known. I saw where U reached out to me on my other phone, but it was cut off on Momma's birthday and I didn't know that I could still recieve text messages. I am so sorry I couldn't be there for U. I was in Kalamazoo on October 15th and I wanted to call U, because Ky and me were stranded on Kings Highway. I didn't have my phone and I couldn't remember your number. I was so mad, because I need U and I know U would of been there for me. I found out later that U were in the hospital that day after U were gone. My heart BROKE!! I had missed U by 2 weeks. I have asked GOD, WHY, why he let U go with out me being there. He only gave me one reason..."because it was for the best". I think he knows that it was to much for me to bear and he was only save me. I know U were scared. U loved life and all it had to offer U. even though sometimes U would make the wrong choices U LOVED LIFE! U been the most important person in my life for so long. I feel bad for cutting U off like I did, but it was all apart of GODS plan for US....I know this now and I accept it for what it is. I LOVE U and always will. U will forever be my Silk, my Pooder, my LOVE. Will my Friend....I will talk to U again, I know it. 1LOVE , Faw

“Pooder, I am so angry that U left, but I am glad U didn't have to suffer long. Now, I know why U had the headaches and why U did things U did. I am so sorry I shut U down, but it was for the best. I have asked GOD to give me a reason for "WHY" and HE said: "because I know what is best", so I accept it for what is. U were my heartbeat and my song....we share so many "GOOD" things together. I can see U right now coming through the door dancing, sing and doing your Uncle June impression to make me laugh! U were so...funny!! U were a "TON of KNOWING HOW TO DO ANYTHING!" U were a "Jack of all trades." U cooked, painted the inside of this house, fixed whatever needed fixing (with Duct Tape! lol), Ironed like the a pro...which U got for your sister Connie, and could dress up anything outfit to look good on U. I remember when U would take me to work with U and TK. I loved seeing U move thing aroud. U always took "PRIDE" in what U did and always gave 100% to your employer and no matter where U worked, U would ALWAYS find SOMETHING to bring home to me. lol U could hand me star straight from the sky and I would feel just as special if it was something simple. That is how U made me feel....like I was the only one that mattered and the only one U ever loved. U were "GOOD" because, now I know better but..... it's all good. We had a wonderful and loving friendship for over 20 years and I wouldn't trade a day!!

*Loving U always and forever,*

*Faw...Ditto!*
